Three Choices Available, Researcher Says

Men's Club Hears Discussion of Community Future

Three major "realistic" choice for the future are availble for residents of Lemon Grove, a municipal research specialist told the Men's Club last Friday.

The speaker, Dr. W. Richard Bigger, associate director of San Diego State College's Public Affairs Research Institute, outlined eight possibilities. The "realistic ones," he said are:

1) Remain "as is" but add those special districts necessary to get any special services which the community needs. Lemon Grove already has a fire district and a sanitation district.

Disadvantages of this choice, he said, include lack of community identity; lack of local control over the services and tax rate, except through boards of special districts, lack of control or planning and zoning; inability to determine what the costs of these services would be.

2) Annex either to San Diego or La Mesa.

Disadvantages would be that La Mesa, perhaps, could not "digest" the large community of Lemon Grove and provide the needed services. (But, he added, since Lemon Grove is as large as La Mesa Lemon Grove might be able to "wag" the other community and have more influence in its government.)

Annexation to San Diego might bring a higher level of services (and a higher tax rate) but it also might bring a loss of identity of the community as the big city "swallows" the relatively smaller area.

3) Incorporate as a separate city, or jointly with Spring Valley. Under the "Lakewood Plan" (as Del Mar has done) Lemon Grove could incorporate as a city and contract with outside agencies such as the County for its services.

Disadvantages, he said, include the lack of control over personnel, since they would be hired by the agency doing the service; the level of services probably would not be as high as they would under some other plan; and not all services which would be wanted could be provided by the county even on a contract basis.

Dr. Bigger said also that the people of Lemon Grove "probably will have to make a choice in the near future." The choice, he said, finally would depend on the cost under each plan; the value of local control and local identity to the people; esthetic reasons — the desire for control over facilies for setting the tone of the cultural and moral life of the community; and the consensus as to what the future of the community ultimately could become.

The state college research expert is to return to the Men's Club in two or three weeks to continue his discussion. At that time, he is expected to answer other questions posed by the club members. Bill Davies, club president, said that questions can be submitted to him and he will forward them to Dr. Bigger so he can "dig up" the answers before his next appearance here.

Criminal Action Ordered Against Liquor Store Owner

The Lemon Grove Fire Commission instructed its counsel, V. J. Dorman, to file criminal action this week against Jack Holt, operator of a liquor store at 7955 Broadway, Lemon Grove.

A building owned by Holt, adjacent to the liquor store, was partially demolished by fire December 15. The fire department charges that the building is a public hazard. The department said that Holt was ordered to remove the hazard and clean up the debris on at least two other occasions.

Conviction of the charge is punishable by fine up to $1,000 and a jail sentence, the department said.

The DIMMER VIEW

by MAX GOODWIN

The tragic mental illness of Supervisor Dean Howell suggests a more mature outlook regarding the health of county government personnel.

We believe our citizens should provide all persons on the county payroll with a mental examination—free of charge.

While Supervisor Howell's host of friends are saddened by his illness, supervisorial representation in his district goes begging. What's more, he cannot be replaced unless and until he is legally and publicly declared non compos mentis.

We owe it to every one of our public servants who has worked for the county a full year or more, a free mental examination. However, we must approach this problem with sympathy and restraint since no one is exempt from the pernicious ailment suffered by Supervisor Howell.

It must be assumed that some of our public servants will fail their tests. It is also fair to assume that the jobs held by these persons were not properly administered, so the need for the job in these cases must be severely questioned.

Provisions, then, should be made to allow for the removal of county employes who fail to meet minimum mental standards and replacements should be withheld for 30 or more days to see whether or not a job was actually there in the first instance.

Immediate action would permit ill employes to undergo treatment, and they could perhaps recover. It would also permit county business to be conducted on a more rational basis.

* * *

One section of county government we hope will be aided if a mental examination program is developed is the county building inspection department. The contracting fraternity, upon whom these persons exercise life-and-death control, complain privately that some inspectors are ignorant, arrogant, arbitrary and un-cooperative. In other words, they would make apt subjects in a mental health examination because these are the symptoms of a dictator psychosis.

Frighteningly, contractors are afraid to register complaints for fear of sanctions the junior-grade Castros can invoke against them. A complaint, one said privately, is equivalent to bankruptcy. He told how an inspector indulged in persiflage for more than an hour while the contract crew stood by waiting for an OK so that churning concrete trucks, also standing by, could disgorge. After the chit-chat he inspected the job and found it OK.

We need sanity in government as well as we need good service. Sanity tests should develop a much higher esprit de corps among county workers and a happier worker means better service.

If the mental examination program becomes effective, think how proud county employes will become when they are able to produce a sanity certificate when someone questions his actions or decisions.

Until then, some of the innocent are suspect.

Dedication to be Held For New Health Center

The County Board of Supervisors has announced that the new East San Diego Health Center on 52nd Street at University Avenue will have its formal dedication, next Thursday at 2 p.m.

The East San Diego Health Center, which opened in March, serves residents of East San Diego, La Mesa and Lemon Grove.

Robert C. Dent, county supervisor for the health center area, will dedicate the building.

Dr. J. B. Askew, director of public health, said that the dedication will be followed by an open house. The public is invited to attend. Supervisor Dent is also sending a number of special invitations to civic leaders.

The new East San Diego Health Center will provide headquarters for public health nurses and sanitarians in the area they serve. The Health Center will also receive applications for public health permits; issue septic tank and cesspool permit; process percolation tests; process requests for sanitary surveys of foster homes and homes for the aged; provide immunizations; provide child health conferences; distribute health education materials; process certified copies of death certificates; answer telephone inquiries; answer questions on vital statistics; process complaints; and receive and act on reports of communicable diseases.

"The purpose of the new public health center," Dr. Askew said, "is to provide this area of the county with those preventative services which safeguard the public health of the community. The public health center will not offer medical care and treatment, which are not the function of the San Diego Department of Public Health."

Sheriff 'Dry-docks' Engineer 'Afloat' On Cafe Roof

Hal Johnston, officer of the Lemon Grove Merchant Police Patrol, filed charges of "drunk in public" against a La Mesa man who was found "afloat" on the roof of Michael's Cafe in Lemon Grove.

Pieter Wilhelm Snyders, 4401 Lowell st., La Mesa, who said he is a design engineer, made several conflicting claims at 2 a.m. Sunday when Deputy Johnston spotted him on the cafe's roof.

He first said he was fixing the air conditioning system. He then said he was chased upon the roof by persons who wanted his "secrets." He said that two shots were fired at him. Deputy Johnston said apparently the "shots" were from the cafe below and these were those of an alcoholic nature.

His case will be heard in El Cajon court at a date to be set later..

Grove Man Misses Death at Sea As Boat Swamped

Boat, Two Motors Lost as Salvage Attempt Misfires

A Lemon Grove man and his two companions narrowly missed death this week when their fishing boat was swamped by waves 12 miles off Pt. Loma.

Earl Knight, 1510 Skyline, Lemon Grove; his brother in law, M. R. Brown; and Howard Kibby of Lomita Village, said that they were fishing in a 19-foot boat equipped with two 35-horse power outboard motors Sunday morning.

Waves, possibly from a passing speedboat, suddenly engulfed their boat and it began sinking. Another boat near by rescued Kibby and tied onto their sinking boat. A commercial fishing boat in the area rescued Knight and Brown.

Knight phoned the Coast Guard with the fishing boat's ship-to-shore telephone. The Coast Guard boat which arrived tied onto their boat and headed for shore with it.

As they passed the end of the jetty on Pt. Loma, the towing cable broke and the boat sank. Coast Guard divers tried Monday to raise the boat but failed.

Tuesday the boat washed ashore at Sunset Cliffs. When the discovery was reported, the two outboard motors were missing.

Knight said that the finder was claiming the boat as salvage from the sea.

The outcome of the claim still is in doubt.

Street Extension In Spring Valley OK'd by Planners

SAN DIEGO (CNS)—Extension of Harness street from Mt. Miguel terrace subdivision to Helix street was approved Friday by the County Planning Commission.

The commission was also told that the cost of the extension is already in the 1960-61 budget of the road department and that much of the needed right of way has been acquired.

The request for the extension was made by the Spring Valley Local Fire District. District officials also asked for the easterly extension of Olive drive from Helix street to Kenora road, and the northeasterly extension of Casa de Oro boulevard to Challenge boulevard.

But the commission turned down both these requests.

Instead, on the recommendation of the committee that studied the area, the planning body recommended two alternatives. It voted to recommend the easterly extension of Kenwood drive, from Helix to Kenora, thus avoiding bisecting a proposed school site, as would have been done by extending Olive.

Extension of Kenora drive is based on local property owners giving the county the required rights of way and paying for improvement of the road to county standards.

The alternative for extending Casa de Oro boulevard is extension of Estrella drive to join Challenge boulevard and Rancho road, providing local landowners donate the right of way, but they would not have to pay to improve the road.

The commitee reported that the advantage of the alternative would be that the cost would be less. It said its study showed extension of Casa de Oro would require costly construction and, because it would add to the traffic, would make reconstruction of the existing road necessary.

But extension of Estrella drive, the committee report pointed out, would provide the only east-west street in the area north of Campo road, which would make it a thoroughfare of importance in the community street pattern. The report added that such a through street would be of sufficient importance for fire protection and other services to justify county participation in its construction.

BROADWAY CONSTRUCTION — Work on the widening of Broadway in Lemon Grove is continuing. Here, a worker loads dirt into truck with side-tilting skip loader. Lemon Grove and Spring Valley residents were asked this week to take part in a statewide drive to put the capital punishment issue on the November ballot. About 60,000 signatures are needed on petitions in this county by mid-June, according to Judy Bela, spokesman for the Committee Against Capital Punishment in the east county area.

Miss Bela said the committee is setting up tables for petition signing at key spots in El Cajon, La Mesa, Spring Valley and Lemon Grove. Volunteer workers are needed to sit at the tables and collect signatures.

Volunteers also are needed to do clerical work, drive cars, and carry petitions from door to door. Small donations for stamps, paper and gasoline expenses are being solicited.

Hope to Ease Recreation 'Starvation'

Joint Meeting Set For June 20 Recreation Talks

The presidents of the Lemon Grove Swimming Pool Assn., Youth Center control board, Taxpayer Assn. and Coordinating Council voted this week to have their organizations meet jointly for the next three months.

The objective. a united decision on a recreation plan for Lemon Grove.

The first of the meetings was scheduled for June 20.

Frank Doolin, swimming pool president; Frank Armstrong, youth center president; C. H. Benson, taxpayers president, and the Rev. E. Walter Smith, coordinating council president, met Monday evening with County Supervisor David Bird to discuss recreation.

They arrived at no coordinated plan, but set in motion o drive "to get together and get something done."

Benson commented: "Everyone is determined to do something to get recreation for the people of this area. We are starving for it."

At the Monday meeting, the special committee discussed:

1) Selling the present county-owned youth center and using the money to begin construction of a new, larger facility.

2) Selling the county-owned property at Washington and Alton streets and using the money for youth center construction either at the swimming pool association-owned site adjacent to the county site, or at a county-owned site adjacent to Monterey Heights school.

3) Selling the swimming pool site at Washington and Alton streets and using the money either to start construction of a swimming pool on the Monterey Heights site, or to help with construction of other recreational facilities at the Monterey Heights site.

4) Keeping all park site property intact with the hope of getting capital funds later for developing the sites.

5) Forming a "county service area" recreation district and attempting to get capital funds from the county's general fund (there is no provision in the county service area law for a district to tax the property owners to raise capital funds).

6) Making greater use of the recreational facilities now available at the schools.

7) Following up a poll (which indicated that $40,000 could be raised by donations) and get the people of the community to foot the bill for a swimming pool on the Washington at Alton site.

8) Get volunteer labor to terrace the county-owned property adjacent to Monterey Heights school (where a Little League ball park already has been constructed) and make a community park and recreation center there, using funds from sale of other county-owned property in the area.

The DIMMER VIEW

(Continued)

Day after day we got the hospital's report of his condition . . . critical and unchanged.

Finally there was a slight improvement in his condition, and almost miraculously his health returned. Today, he is in better condition than he has been for many years. What's more, his great fighting spirit is intact.

Before his illness he fought the supervisors for a second judge in the El Cajon Municipal Court District . . . and won. It was more than a moral victory. The need for a second judge has been proven by the case load the court is now handling. It goes without saying that faster hearings (some dragged as far as a year and a half behind) are in the public's interest.

He has taken on a new fight now. He is attempting to unseat Superior Court Judge Edgar B. Hervey in the election June 7.

The amazing results of a poll taken among 466 of the county's attornies produced 253 votes for Garfield, giving him a majority. Unprecedented resistance against the incumbent is as amazing as Judge Garfield's recovery of health.

Lawyers have been dissatisfied with Judge Hervey's soft treatment of narcotic cases. It is easy to see why such treatment could sap the morale of the personnel of the district attorney's office.

Judge Garfield is immensely popular in his dictrict. His supporters are now engaged in spreading his popularity throughout the county. In this they will have the assistance of most of the attorneys (as indicated by the poll) and another group, not to be taken lightly either . . . the S.D. Methodist Ministerial Association.

If Judge Garfield dethrones his opponent, it will be the first time in 16 years that a Superior Court judge has been defeated.

Most of those who know Judge Garfield are betting he can do it!

Winners Named In S&L Outstanding Student Award

Five Heartland area high school seniors were honored Wednesday night as Outstanding Student Award Winners in the program co-sponsored by Southland Savings and Loan Association and California Savings and Loan League.

The students were guests of honor at a Recognition Dinner sponsored by Southland Savings at Kona Kai Club on Shelter Island. This affair was attended by high school principals, faculty representatives, parents of the students, executives of the California Savings and Loan League, senior officers of Southland Savings, and newspaper representatives from the Heartland area.

John A. Davis, President of Southland Savings, was master of ceremonies. A short talk was made by each of the honor students, who were presented with a bronze engraved medallion by Neill Davis, Executive Vice President of the California Savings and Loan League. Cash awards of $100 were also received by the students.

The principal address of the evening was delivered by Lewis S. Eaton of Fresno, President of the California Savings and Loan League. Mr. Eaton is also President of Fresno Guarantee Savings. His inspirational talk "Responsibilities of Achievement" was well-received by those in attendance.

The $40,000.00 Outstanding Student Award Program was initiated three years ago on a state-wide basis by the California Savings and Loan League, and has been co-sponsored locally by Southland Savings during that period. It is unique in that school authorities of senior high schools throughout the state are asked to select an outstanding student for the cash award and the medallion. The selection is determined wholly by the principal or faculty committee, and the award is granted irrespective of any other scholarship funds won by the student.

Local winners for 1960 are: James Vernon Mardis, Helix High School; Jan Peter Johnson, Grossmont High School; Linda Marie Brown, El Cajon Valley High School; Caroline Ella Wardell, Mount Miguel High School; and Walter Frederick Kephart, El Capitan High School.

'Fly-In' Set For Eastern County Fair

EL CAJON — "Come to the Fair by Air" is the rallying cry to all private plane owners and pilots in the southwest, by the Eastern San Diego County Fair.

The fly-in was inaugurated last year and was so successful that the event is scheduled again for this year's fair. Plane owners and pilots are invited to fly-in to Gillespie Field, site of the East County Fair, on Saturday May 28 at noon. Prizes will be awarded at 3 p.m. to the oldest pilot, the youngest pilot, and the pilot who has flown to the fair from the farthest point.

Jerry Mackey and Dave Tohir, in charge of the Fly-in for the El Cajon Junior Chamber of Commerce, sponsors of the fair, stated: "Ours was the first fair to have a Fly-In, and as far as we know we're the only fair to have a Fly-In."

Three Posts Open On Hospital District Board

The directors are R. Marvin Jackson, a Grossmont real estate man; J. C. Atkinson, an El Cajon retailer, and Forace Boyd, also a real estate man.

Two positions up for election next year are those held by Homer Streich, a retired man, and Ralph A. Peterson, a merchant.

The election will be held in November. Filing date deadline is September 2.

Mt. Miquel Girl Wins Southern Spelling Bee

Lois Claussen, 14, of Mt. Miguel high school, has won the Southern California championship in a spelling bee sponsored by the AmVets.

Miss Claussen, daughter of Mr. and Mrs. L. D. Claussen of 4202 Camino Paz, Spring Valley, beat Mike Jacobs in his home town last Saturday in competition at Compton.

Jacobs failed to spell "hypodermic and "illegible," but the Mt. Miguel girl did it.

She will go on to the state spelling bee finals early in June at Monterey.

New Lemon Grove Shopping Center Due to Begin Construction Soon

Construction will start on the area's newest shopping area at San Altos, at Massachusetts and Imperial in Lemon Grove in two weeks, according to Art S. Litch, property manager.

The San Altos shopping center will be built at a cost of approximately $1,250,000, including the cost of buildings and property, Leitch said.

The shopping center is being built by a corporation headed by Andrew J. Crevolin, of San Marino, developer of the 600-unit San Altos subdivision, as president; Andrew Kitzman, vice president, and Leitch, as secretary.

Leases are being negotiated for stores of the following types: drugs, liquor, variety, TV, automotive supplies, laundromat, dry cleaners, coffee shop, women's ready to wear, beauty and barber shops, landscaping and garden supplies, in addition to a Bradshaw supermarket, which will occupy a 17,000 square foot building.

The shopping center proper will cover 40,000 square feet, with off street parking on a six acre site, with 170,000 square feet in all, Leitch said.

The single story buildings will be air conditioned, and will be designed in a contemporary design, it was announced.

The target date for completion of the center is Sept. 1. Additional leases will be signed later.

A professional building deigned for physicians, dentists, etc. will be built later on a site across Massachusetts st.

County Employes Pay Raises Hit By Taxpayers

SAN DIEGO (CNS) — Proposed pay raises of about $1,250,000 for the county employes for the coming fiscal year "are completely out of line with the community trend," a representative of San Diego Taxpayers has told the County Board of Supervisors.

John Leppert, executive secretary of the association, spoke before the Board on the pay boosts of 5 per cent suggested for most county employes by the Civil Service Commission.

"We'd like to have you send this back to the commission and ask for resubmission of recommendations more in keeping with community conditions," Leppert said.

Supervisors voted to take the commission proposals "under advisement," but some of the members indicated they were not in a mood to grant pay increases.

"Take a hard look at this recommendation," Leppert urged. He said, "We don't like it, but we have unsettled economic conditions in San Diego now, and will have for several more months." He then added that working for the government provides a security that should be counted in figuring salaries.

The present annual salary total for the county is approximately $25,000,000, or about 34 per cent of the county's budget.

DOROTHY DIGS in the garden

If you have an ivy lawn or if you are growing ivy in any part of your garden, be particular not to water it during the day. Ivy is one of the so-called "night shade" plants and putting water on the leaves during the day, is an almost certain way to create fungus.

I see many ivy plantings where the leaves have dark spots, denoting that fungus has already set in. And I frequently observe sprinklers turned on while the sun is shining full on the ivy, which is a mistake. Water your ivy at the end of the day after the sun has gone down.

I, personally, favor overhead watering of roses in the early morning while the foliage has ample time to dry out during the day. I think it cleans the plants and also cleanses the bushes of the chemical residues remaining after heavy smog.

Fruit trees, of course, are best if they can be watered by long, slow, deep irrigation every three or four weeks.

LET US ALL PRAY TOGETHER AS A FAMILY

Christ kindles within us a yearning to be more than "one of the crowd." The approval of Godis more rewarding that the approval of the crowd. As Joan of Arc says in Geo. Bernard Shaw's play, "My loneliness shall be my strength; it is better to be alone **with** God than loved by a multitude **without** Him. In his strength I will dare and dare and dare until I die."

'Senior Spectacular' To Replace Annual Play

The "Senior Spectacular" will be presented in the Mt. Miguel high school cafetorium on May 25-26. This event, which will take the place of the annual senior play, will feature two one-act plays and a variety show.

The second one-act play, "Brewsie and Willie," is about four young men waiting to be sent from France, and takes place in a small saloon.

Students who will participate in the variety part of the show are Pat Garner, Don Barlow, Joan Hoffman, Pat Summers, Tom Cook, Lennie La Custa, Pat O'Gara, Wayne Gatch, Judy Goodwin, and members of the Girls' Ensemble, Boys' Quartet and Trumpet Trio.

"It's unusual, fantastic, stupendous, colossal and, not only that—it's really good," reports Mr. Robert Sanders, director.

The Mail Box

Editor:

That usually bright corner, the DIMMER VIEW, was really dim last week, and smogged up with vague verbiage in ranting against proposed Federal aid to old people stricken with serious illness.

The article started off, "People in business who have just struggled through another tax quarter crisis, seem aroused more than ever over the oppressive tax burden that will be fatal to many."

Just what does this melancholy overture mean? Do businessmen just seem aroused? They are usually aroused by almost anything. To voice their tax gripes puts the small men in the class of those who really pay big taxes. It is the old anvil chorus at all gatherings.

To what businessmen will the present "burden" prove fatal and what is the basis for this assertion? Does it simply mean that many businesses are skating on such thin ice that the present taxes will ruin them?

It is undoubtedly true that, "one person, specially literate, launched into the Forand Bill as the straw that would indeed break the camel's back." There we have it, that dainty touch, the word "indeed" does the trick. It not only proves literacy, but points to that literate soul, Standpatter Utt. Then, again, it could be one of the more literate medics, or better still, their agent who prepares the circular asking us to write our congressman against the Forand Bill. These fellows are very touchy about anything that might interfere with their leisure or their supply of new Cadillacs and Thunderbirds. Then too, we have the drug people who have led such jolly lives until recently, but are still far from bankruptcy, even farther than the medics.

So the Forand Bill would raise the Social Security contribution ½ of one %! The old people who were taught to work hard and scrimp and save for a rainy day now find that their treasured nest egg is insignificant and will not cover a small part of the cost of today's medical care which has soared into the ionosphere with the other satellites.

What a sad picture that article paints of this miserable ½%, . . "causing businesses to become delinquent in their tax payments and thus reduce the Government's income, which will mean fewer schools and roads!" Imagine that! This should touch the hearts of the old people who will be tempted to renounce acceptance of such help. But it has no basis of fact.

Why not have a look at unusually unbiased article in TIME, 25th March, on the subject? Although a really big taxpayer, TIME does not express undue distress over the threatened ½% contribution. And contrary to the Hearts & Flowers approach to the matter of offspring' supporting their aged parents, TIME's competent researchers have found what any objective observer would expect, that today's young people do not want the burden and wish it off onto "society."

After reading the article against helping the old folk, it does seem that the paragraphs that follow it, in praise of dear, sweet, old Mother, are in questionable taste.

Certainly it is difficult to get paid ads to finance a worthy newspaper and the feelings of advertisers must be considered, whereas subscribers contribute very little cash. And when the College Center opens this situation will grow worse.

Yours,
H. D. Carr

Spring Valley Officer Wins Navy Commendation

PORT LYAUTEY, Morocco (Spcl.)—Navy Lt. Cdr. John E. Buchanan has been awarded the Commendation Ribbon with Metal Pendant at the Naval Air Station, Port Lyautey, Morocco.

He is the son of Mr. and Mrs. James G. Buchanan of 10129 Del Rio rd., Spring Valley, and husband of the former Miss Margaret Taylor of Third Street, San Diego.

The citation read in part: "For meritorious achievement in the performance of his duties while serving as Air Head Coordinator for the rescue and relief forces from the U. S. Naval Activities, Port Lyauty, Morocco, on March 1-4, 1960, in the Agadir, Morocco, earthquake disaster. Lt. Cdr. Buchanan organized and supervised the line operations, loading and unloading transport aircraft, air and ground communications, maintenance of records and provided invaluable assistance in overall airfield operations under extremely hectic and difficult conditions when the airport was oversaturated with French, Spanish, Moroccan, U. S. Air Force, and U. S. Navy aircraft.

"He operated unceasingly for 72 hours and to the limit of his endurance in expediting the flow of rescue personnel in Agadir and the evacuation of the injured. His conduct, leadership, skillful application of professional skill and devotion to duty were in keeping with the highest traditions of the United States Naval Service."

Lt Cdr. Buchanan is serving as Flight Support Officer at Port Lyautey and is the holder of the Distinguished Flying Cross.

The Naval Air Station at Port Lyautey is located 150 miles south of Gibralter on the west coast of Africa, and provides back-up support for the Sixth Fleet in the Mediterranean.

Before entering the Navy in October, 1934, Lt. Cdr. Buchanan attended Boston Trade High School in Boston, Mass.

HEGLAND

Once Over Lightly

by Don Wilson

Occasionally, this job of being a newspaper man pays off. It did a few days ago when I was assigned to interview the new Miss Lemon Grove.

She is 16½-year-old Annabella Scott—known simply as "Ann" to her fellow students at Mt. Miguel High School.

Miss Scott won a beauty contest last Wednesday sponsored by the Kiwanis Club of Lemon Grove, acting for the Southern California Exposition and County Fair and the San Diego Convention and Tourist Bureau. On June 3 she will compete against nearly two dozen other beauties for the title of Miss San Diego County and Miss Con-Tour.

(The "con-tour" title is an abbreviation of Convention and Tourist, but take the hyphen out and it fits just about every girl who has won the title so far. As can be seen by the accompanying photos, it very well could fit Miss Scott too.)

When she won the local title, she also stepped into a job as Lemon Grove's representative for the coming year. Jim Boyd, president of the local junior chamber of commerce, says that his group will "adopt" her instead of picking a separate Miss Lemon Grove as has been done in past years.

Anyway I went over to the Scott home, which nestles on the edge of a canyon just below the Monterey Heights school.

And I found out one possible reason for Miss Scott's success: Mrs. Scott. Ann's mother is a former fashion model, and the shapely young high school sophomore daughter is heading in the same direction.

She attends a modeling school, which probably accounts for part of the poise which helped her win her title. But she also has been a professional water ballet performer (for two years, age 14 and 15, while in Winter Garden, Florida) and that training undoubtedly lent her some poise too.

The new Miss Lemon Grove is rather tall (her entry sheet in the contest says that she's five feet, nine inches tall), is rather well proportioned (35-25-38), is medium brown blonde, has blue eyes.

She likes to swim (hopes to own a swimming academy some day), likes modeling (hopes to become a good fashion model), likes bowling, skating, singing and dancing. She studied piano for a while but gave it up.

Her father is an aircraft machinist.

In high school, she is taking business courses (typing, etc.), plans to study dramatics, is in the Mount Miguel Ensemble and the school's Letter Corps, and marches in front of the school band.

What does she think about her new title?

"Gee," she says, "I can hardly believe it."

Kaufman Children Services Held

Graveside services at Ft. Rosecrans National Cemetery were held May 11, for Benny Kaufman 1, and Bobbie Lee Kaufman, 3, son and daughter of Mr. and Mrs. Henry Kaufman, 9715 Campo Rd., Spring Valley. The children were killed in a car accident on Highway 80, May 3. The parents were in serious condition and taken to Grossmont Hospital.

Bennie and Bobbie Kaufman were born in San Diego County. Besides their parents the children are survived by their paternal grandparents, Mr. and Mrs. John Kaufman of Spring Valley, and the maternal grandmother, Mrs. Thora Jeppe of Great Falls, Mont.

Car Crashes Into Home, Narrowly Misses Family

A car driven by a La Mesa woman crashed through a picture window in a Lomita Village home Tuesday night, narrowly missing three members of a family seated on a couch.

Robert Stuntzenburg, 24; Mrs. Stuntzenburg, 21, and their son, Kenneth Ray, 2, were missed by only two feet by the car, driven by Mrs. Esther Harder, 31, of 9378 Manor, La Mesa. Mrs. Harder was taken to Grossmont Hospital.

She sold police that she was driving along the street when the car skidded and crashed into the house.

Indian Guides Carnival To Be Held Saturday

Indian Guides of the Cheyenne and Iroquois nations of the Heartland YMCA will hold a carnival Saturday at 6:30 p.m.

The carnival will be held at the Murray Manor elementary school in La Mesa.

Fathers and sons of 30 "Y" Indian Guides tribes will man booths of games and food. TV's Uncle Russ and Johnny Jet will be present.

Nursing Home For 97 To Be Built Here

The property occupied by the Sierra Nursery at Waite Drive and Massachusetts will be developed into a 97 bed nursing home, according to Ray Stephens of Hesser & Stephens Real Estate Co.

The property was purchased by H. R. and Roy Youngflesh, brothers who build and develop such projects. It was purchased from Mr. and Mrs. Joseph Lowry who have lived here more than 20 years.

Plans call for an investment of more than $300,000 for the building. Tom Dierdorff, a San Diego agent, is handling the leasing of the plan to qualified operators.

Al White of the Hesser-Stephen firm handled the sale of the land.

Automobile Dives Through Window Into Local Bank

When a witness wanted to phone the highway patrol about an accident lat Saturday, he did it from the desk of William Paul, manager of the U.S. National Bank in Lemon Grove.

Ordinarily this wouldn't be unusual, except that the bank was closed—all except for the big plate glass window in Paul's office, where the automobile had just entered.

Mrs. Allen Frank of Lomita Village explained that her 16-year-old daughter, Julie, had been learning to drive. Julie, she said, drove into the parking lot and stopped at the curb. Then her foot slipped off the brake pedal onto the accelerator pedal.

The car, with automatic transmission, lunged ahead and through the window. No one was injured.

Grove Youth Dies In SD Bowling Alley

Funeral services were held Tuesday for Gerald V. Goldstein, 22, of 3217 Buena Vista, Lemon Grove, who collapsed and died Sunday in a San Diego bowling alley. He was buried in the Home of Peace Cemetery.

He is the son of Mr. and Mrs. Sol Goldstein of the same address and was a route driver for Clingman Dairy. He was a member of the American Bowling Congress.

Survivors include his mother and father, two brothers, LeRoy H. and Paul D.; and three sisters, Lois, Rosalie and Illene, all of Lemon Grove, and his grandfather, Phillip Gordon of San Diego.

Funeral arrangements were handled by Lewis Colonial Mortuary.

Bicycling Boy Struck by Car

A six-year-old Lemon Grove boy, riding his tiny bicycle in the street, was hit by a car Tuesday evening.

The boy, Robert, son of Frank Szalay of 8210 Palm, suffered bruises on his right hip and forehead and on the fingers of his left hand. He was treated at Grossmont Hopital and released.

The highway patrol said that Grace Evelyn Weaver, 18, of 8576 Troy, Lemon Grove, was driving the car. She was not cited.

Scout News

A Cook-out Thursday morning, May 19, at Eucalyptus Park, Spring Valley, for adult members of the Girl Scouts, Lemon Grove Neighborhood, was planned as the last monthly meeting of the current school year.

Car pools were to be formed at the Lemon Grove Youth Center at 9:30 a.m.

—o—

Forty-four Lemon Grove Girl Scouts from the fifth and sixth grades and Jr. High Troops, participated in an ondoor-day, Saturday, May 7, at the residence of Mrs. Elizabeth McCormick, Neighborhood Consultant, and worked on their requirements for Curved Bar rank, First Class rank, Adventurer and Back-yard Camper badges.

Equipment that the scouts had made was demonstrated and displayed, including making a bed-roll, cooking and eating utensils from tin cans; a reflector oven, tin can stoves, trench candles, water-proofed matches, buddy handwashing unit, dunk bags, an oriole cache for food storage, individual first aid kits, dish washing unit, and the use of the seven basic foods in camping.

To fulfill the Fire Safety requirement, Curved Bar rank, on the Outdoor Safety badge, Patty McCormick, Jr. High Troop 375, explained fire safety rules for selecting a site, building, maintaining, and extinguishing a fire.

The buddy system was used in a Wide Game to check the scout's requirements. Judges, members of Troop 1272, San Altos School, working on their Out-of-Doors requirements for First Class rank, were Georgina Grimaldi, Jacquelin Musgrave, and Marjorie Shelby, and Patty McCormick, Troop 375. A 10-foot fire area had to be cleared, and the fire ring lined with stones. Then the scouts were checked for the arrangement of wood in piles of tinder, kindling, and fire wood.

Knife safety was checked by the judges before each scout made a fuzz stick. (A fuzz stick is made by shaving the four corners of soft wood. The thin curls are left on the stick and ignited. The fuzz stick is placed in the fire pit to light the tinder.) Before the basic "A" fire was laid, the safety measures of water, dirt, and a shovel by each fire area was checked.

A variety of group cooking was demonstrated, including a grated pit fire, crane cooking, reflector oven, stick cookery, one pot meals, a buddy burner with trench candle fuel, and a No. 10 can stove using charcoal.

The Fire Rangers in each group extinguished the fires. A three pail dish washing unit was used, with dunk bags.

Troops participating were Golden Avenue Troop 280; San Altos, Troop 1272; San Miguel, Troops 838, 986; St. John of the Cross, Troops 24, 778; and Jr. High Troop 375.

Adults who assisted Mrs. McCormick were: Mrs. Mary Chase and Mrs. Rodella Fahle, St John of the Cross; Mrs. Maxine Stout, Mrs. Doris Mullahney, and Mrs. Charlene Boedeker, San Miguel; Mrs. Frances Musgrave, San Altos; Mrs. Marion Bennett, Golden Avenue; and Mrs. Odessa Gagian, Neighborhood Chairman.

The Council is eager to secure mature women with a love for children and leadership ability to serve as staff members in Established Camp this summer. Highlanders Eye SCIF Championship

Coach Bill White's Helix Highlander baseball team, winner of the Lion's Invitational Baseball Tournament held during the Easter vacation, have a chance to win the SCIF Championship after taking second place in the Metro League behind the El Capitan Vaqueros.

The Highlanders go up against tough San Diego, Eastern Division city champions, on the San Diego High diamond Friday.

Helix drew a bye in last Tuesday's loop play, but journeyed to Hilltop Friday afternoon and dropped the Lancers, 4-1.

Jim Martin and George Sherrod combined to limit the Hilltoppers to 2 hits.

Sherrod took over the chores in the third inning, when Hilltop scored their only run.

Helix scored once in the fourth and sixth frames and twice in the seventh to clinch the SCIF berth ahead of Grossmont' team which has lost 4 league games.

Sherrod was the winning pitcher and Norland received the loss for the first year Lancers.

Helix was scheduled to close out the Metro League campaign at Grossmont Tuesday.

Mr. and Mrs. Earl Knight, Lemon Grove market owners, each caught a 3 1/4-pound catfish while trolling with a "yellow bomber" casting plug at Lake Henshaw the other day.

"We like it fine up there," Mrs. Knight said as she jiggled her batch of fish, "and we're going back again and again."

Along Sweetwater Road

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

By Elaine Horowitz

If you were driving "Along Sweetwater Road" on Saturday and thought you heard the sounds of music, laughter, cheers and applause, you did. It was coming from the Avondale School play area, which was the setting for the Community Family Day festivities sponsored by the Avondale PTA.

Donald Barnes, principal of the school, officiated at the sports contests, and all you had to do was follow his bright red cap to know where the next event was taking place. The forty-yard dash started things off with children competing in their age groups, then fathers and sons got into the act with the three legged sack race, while mothers and daughters cheered from the side lines waiting their turn in the potato and spoon race.

It was during this race the one calamity of the day occurred. There it was time for the big race to begin, and it was discovered that they were short two potatoes. Everything was at a standstill until Mrs. Robert Weigand, heroine of the day, dashed across the street to her home, and on her return, potatoes in hand, the races continued.

The potluck dinner was served, and all were treated to a floorshow while eating. Pozey the clown, played by Mrs. Lee Merritt, an Avondale parent, wandered through the crowds, and then a swirl of skirts and burst of music announced the square dancers. The children of the La Mesa Recreation Center tumbling teams took your breath away with their dexterity on mats and trampoline, and the Mt. Miguel Pep Band provided scintillating dinner music. Alvon and his country cousins with songs and skits gave everyone a chance to laugh down his food. Dale Jones of the Veterans of Foreign Wars served as the witty master of ceremonies.

The weather was cool, but friendship and laughter warmed the air around you, so no one noticed.

Commercial Zone

SAN DIEGO (CNS) — Commercial zoning for La Presa land between the proposed freeway and a proposed shopping center was approved Friday by the County Planning Commission.

The property, an acre and a half in area, lies south of Jamacha road. It is east of Elkelton boulevard and north of Delrose avenue, and the request for the change from residential zoning was made by the Heron Corp.

The commission's approval was voted on the basis that its triangular shape made the land unsuited for addition to the residential area to the south.

—o—

New Church OK'd

SAN DIEGO (CNS)—A special use permit for a National City church to move to La Presa was approved Friday by the County Planning Commission, over the protest of a neighbor that the church would be "an invasion of privacy."

The applicant for the permit to allow construction of new quarters was Calvary Baptist Church for a site on the west side of Banock street, northwest of the intersection with St. George street.

Mrs. Barbara Sutherland said the church would create a parking problem in the area, decrease the value of other property and because of its activities through the week constitute "an invasion of privacy" in a residential area.

Rev. Ted Hicks, pastor of the proposed church, said offstreet parking would be provided and that the buildings would be a credit to the community. He added that the church is moving from National City to La Presa because there is only one other church at present in the La Presa area.

The commission vote to approve the permit was unanimous.

Spring Valley Little League

The Spring Valley Little League is off to a good start, but, as all new projects, it needs help to get off the ground," James Jordan, league president, said this week.

There are 195 boys registered in the league, he said, boys anxious to throw balls instead of rocks, swing bats instead of fists.

A field is needed for the boys' use, and without it nothing can be done, Jordan said. Money for equipment, or the equipment, is another necessity. Men who can help these boys learn how to play together as a team, how to win or lose with a smile, and merchants who can sponsor the teams are another need. You need not have a boy in the league to help. This is a community affair.

Anyone who can help, contact Jordan, president of the league, at HO 3-0616, or get in touch with any member of the Avondale PTA.
